EAA® AIRVENTURE® OSHKOSH™ 2022

#OSH2022

About the event

EAA AirVenture Oshkosh is the World's Greatest Aviation Celebration! Attracting guests from 92 different countries, lasting 7 days featuring daily airshows, exhibit spaces, workshops, aircraft areas, special events and more!

GES is a proud sponsor of EAA®

The EAA-GES partnership dates back several decades. To create the perfect conditions, EAA AirVenture Oshkosh turned to GES to partner with them once again and supply all the essential event services to make it happen for #OSH2022.

What the client said

“GES is a great partner for EAA, and the people at GES understand the complexity of the world’s largest fly-in, especially the needs of our operations, our exhibitors, and our attendees. Their support helps make the event known simply as ‘Oshkosh’ become The World’s Greatest Aviation Celebration each year.”

**-Brian Wierzbinski, EVP/CFO
Experimental Aircraft Association**
